Top Reasons to Advertise with GreatAnglers.com

1. We Make You Money

What's the bottom line of every advertising campaign? Distribution, Demographics, Readership? Costs? No! The real measurement for the success of any advertising campaign should be "Dollars In The Door". Our entire business model revolves around this principle. We are so confident that our magazine and digital media will produce the results our clients need and demand that all sales are "Pay-As-You-Go" with no contracts whatsoever!

2. We Make You Look Good

Like most business owners, you have probably spent many years building your business and you care about its image. GreatAnglers Magazine is hands-down the **BEST LOOKING MEDIA AVAILABLE ANYWHERE**. Printed in full color on heavy weight gloss paper ~ it has a "coffee table" quality that increases the shelf-life and OTS (Opportunity To See).

3. No Contracts Required

At GreatAnglers.com it's not about selling you ads and "locking you in" to paying for something that may or may not work. We know that when it "works" for our clients they will "want" to do it over and over again - hence no contracts needed. Our success is ultimately and directly, tied to your success.

4. Website / Mobile App

Our Website / Mobile App will put your business in front of your local audience with millions and millions of visits per season! In addition, GreatAnglers.com is the only advertising medium in the DELMARVA area capable of hitting your future customers before they even get here! A large percentage of our visitors are in DC, VA, MD and PA, watching our local fishing action before they get here on vacation! You can now target these vacationers **BEFORE** they get here without paying the higher advertising rates in their home/metro areas.

5. Variety of Sizes & Prices

Variable ad sizes and our targeted local approach keep advertising costs down (and return rates up) by letting clients buy just the market(s) they want to target. No need to pay higher ad rates buying into areas you don't need, want, or even service. Our pricing allows smaller/niche businesses the ability to take advantage of high-end digital and print advertising at an extremely favorable price point.

6. Ads are 100% Trackable

John Wanamaker (1838-1922) was a very successful United States merchant, religious leader and political figure, considered by some to be a "pioneer in marketing". He is credited with coining the phrase "Half the money I spend on advertising is wasted; the trouble is I don't know which half." At GreatAnglers we will NOT be part of the wasted half! When you advertise with GreatAnglers you WILL know it's working. We can design your ad so you can track every customer and dollar it generates. Whether it is ad based incentives, digital/print promotions, redemption codes, tracking phone numbers, etc. We will work with you to create a campaign that doesn't just work, but works hard for you.

7. R.O.I. (Return on Investment)

Whether or not you should advertise with us (or with anyone else for that matter) should come down to R.O.I. (Return On Investment). Will you end up making more money than you spend - and at what rate? How many customers do you need to gain to justify the expenditure? We look forward to collaborating with you on a concept, crafting a message and developing the creative concept required to make it a success. In the end the results will speak for themselves - but we know it will start a mutually rewarding relationship for years to come... without any contracts :)

Partnering with GreatAnglers.com is FREE!

GreatAnglers.com (GAC) is always looking for Bait & Tackle Shops, Charter Boats, and Guides Services to partner with that would like to be part of the the next generation social media designed exclusively by and for anglers. Partners are listed (for free) on GreatAnglers.com and may option to be an official weigh station for GAC Anglers that need to have their eligible catches recorded for GAC sponsored tournaments and events.

Partners get their own GreatAnglers Retail Display! This will display catches that are posted by anglers anywhere within their predefined mileage radius. Example: (<https://greatanglers.com/pro/2>)

This page is automatically refreshed as fish are posted and is designed to be displayed in the store!

A low cost Intel Stick, laptop, or any old computer and an Internet connection is all that is needed.

Customers come in the shop and immediately see: what people are catching, where they are catching, and even what bait and techniques are working in their local area for the species they want to target.

Partner Shops, Boats and Captains can post the fish that they, or their customers, catch and "tag" themselves when doing so. Anglers from all over will see which tackle shops, charter boats and guide services are catching fish! Anglers can even "follow" a partners activity and will get a TXT message (or email) every time the Partner posts a new fish! This can directly increase overall sales by engaging and motivating your current customers as well as bringing in new ones.

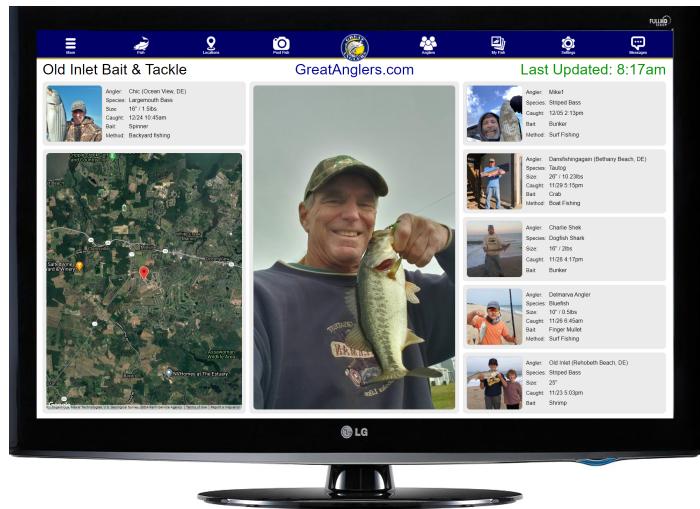

Getting started is both free and simple:

1. Create a free account for your tackle shop, charter boat or guide service.
2. Present your GreatAnglers Retail Display Page on any TV screen in your shop or boat.
3. Ask customers to post their catches to GreatAnglers.com (for FREE) and "TAG" your shop/boat.
4. Hint: Tournaments, Weekly, Monthly or Yearly prize offerings work really well with this!

With Millions of visits per season this is phenomenal exposure and completely FREE!

Additionally, You may display the fish you catch on your own website anytime. Our Partner API allows you to connect and get real time data and pictures of all fish that you post, as well as all fish from other anglers that have "tagged" your shop, boat or service on. This service will keep current and timely fish pictures on your website with no effort on your part. Example: (<https://oldinlet.com/gallery.htm>)

If you have any questions you may call or txt us at 703-615-3000 or email us at partners@greatanglers.com and we will be happy to walk you through it or give you an in-house demo.
